CityView 1.6
EconView

- [www.cityview.baltimorecity.gov/econview](http://www.cityview.baltimorecity.gov/econview)
- Released in 2015
- Developed to display real estate development and public investment throughout the City since 2010
- Users can view project profiles
  - By entering an address
  - Selecting a dot or boundary area on the map
  - Using the “Search” tool
ArcGIS Open Data

- Platform to connect citizens and businesses to our authoritative datasets

- Public facing website that provides another platform for public access to the city’s datasets and increases transparency

- ESRI hosted and managed solution within ArcGIS Online

- Public can freely view interactive maps and search and download data they are interested in
